## FUN CASINO

Prime Entertainment pride themselves on being specialists in corporate and team building events. The 'Fun Casino' is ideal for conferences, corporate after dinner functions, motor showroom events, weddings, birthdays and every other party celebration.

Our own casino manager, along with a team of friendly croupiers, runs the evening.

At the beginning of the event, each guest is issued with an amount of 'fun money'. When the manager announces that the casino is open for business, guests then take their money to any of the gaming tables and cash it in for a quantity of gambling chips. The person or team with the highest value of chips at the end of the evening is presented with an award.

Choices of tables include: full size American Roulette, Blackjack, Stud Poker and a Las Vegas style Wheel of Fortune. All tables are mahogany, finished in blue cloth and made to the highest quality. Each table is illuminated with chrome down lighting.

The 'Fun Money' can be customized to incorporate company logos or personal photographs, at no extra cost.

A sound system is included to provide background music.

'Fun Casinos' can be themed: e.g. James Bond, 1920's or Las Vegas.

Additional extras can include a themed entrance to the 'Casino' room.

This would include:

- Red carpet
- Chrome poles with red ropes.
- 2 Art Deco style artificial flame lights.
- Fibreglass usherette with personalised welcome poster.
- A selection on artificial potted palms.

\*No real money changes hands, this is all for FUN\*
