## BIG GAMES NIGHT

**Team Building with a difference**

For a night of fun, skill, camaraderie and competitiveness, there is nothing better than our 'Big Games Night'.

Split your party into teams, usually 8 or 16 teams with a team leader. After dinner our Games Coordinator will explain the format of the event and the teams will be paired off and compete against each other for the rest of the evening during a selection of games.

Each game requires two teams to compete together at one time and on the sound of the horn, battle will commence for the duration of the game (approx 15-20 minutes). A Prime Entertainments Marshall will mark the scores and then the teams move on to the next game. At the end of the evening, the team with the most points are the outright winners.

An award ceremony is held to present Gold and Silver medals.

Choose eight fabulous big games from our list below and overleaf.

### **GARDEN QUILTS**

30 foot indoor green surrounded by a picket fence. Each team member is required to throw rope quoits at a selection of pegs with different values to see who gets the highest score.

### **OPERATION**

An 8 foot version of the hospital theatre game. Team members don hospital gowns, masks, hats and gloves - then it's 'their turn to operate'. Steady hands required!!

### **DOWNFALL**

Skill is needed to manoeuvre all your disks to the bottom of the frame using a selection of wheels. Two teams play on opposite sides of the one frame. But beware! - your move could assist your opponent!.

### **JENGA**

Both teams are faced with a tower of wooden blocks. They have to increase its height by removing blocks from the body of the tower and replace them at the top, without it collapsing!!.

## **PUZZLE CUBES**

Two 3 foot cubes consisting of 7 complex pieces which are purposely dismantled prior to the start of the game. The purpose of the game is to re-assemble them in the quickest time. Not as easy as it sounds

## **SCALEXTRIC**

A 16 foot by 8 foot four-lane layout. Two players from each team compete at one time through a series of laps, then pass the controls to the next two from their team until all have competed. Great skill and control is a must.

## **JUMBO BUZZER**

A steady hand is need to negotiate the alarmed metal ring along a maze of copper wire without making the slightest contact. There's no fooling the buzzer!

## **CARD TOWER**

See who can build the largest tower building with large playing cards (5" x 4"), highest tower earns maximum points.

## **CONNECT FOUR**

Strategy is needed to succeed in this game. The object is to line up four of your coloured disks in a row, vertically, horizontally or diagonally whilst preventing your opponent from doing the same.

## **TABLE FOOTBALL**

Team effort is always required for this ever-popular pub game.

## **AIR HOCKEY**

A full size air hockey table complete with digital scoring.

## **TRADITIONAL DARTS**

Everybody gets the chance to throw 3 darts. The team with the highest score wins.

## **FORKLIFT CHALLENGE**

This will appeal to all those adult kids. With this 1/6 scale full working remote control forklift truck, the object is to lift the various pallets of barrels/crates and load them onto the waiting lorry - sounds easy, wait till you try!. Hard hats and fluorescent bibs are worn.
